

Facial Peels

LACTO-PEEL

For a total skin smoothing experience, this treatment offers the proven benefits of L+Lactic Acid to exfoliate dead cells while moisturizing for younger-looking skin. After the application of Lacto-Peel, the skin will look immediately brightened. Recommended by itself, or as an add-on to other professional procedures, for all skin types including oily, mildly acneic, dehydrated, discolored & sensitive.

30 mins.

\$120.

LPSPEEL

With a balanced combination of Lactic, Pyruvic and Salicylic acids, this peel significantly & visibly improves skin texture and smoothes the appearance of wrinkles. LPS formulation effectively lightens discolorations, tightens pores, & reduces light scarring. An essential professional peeling treatment for acneic skin types. Also recommended for mature skin with evident signs of aging. Not for very sensitive skin.

30 mins.

\$120.

YOUTHRECOVERYPEEL

An excellent anti-aging peel treatment, this facial is a radical answer for sun damaged skin, and skin with significant signs of aging. After the treatment, the skin will appear resurfaced with tighter pores & smoothed wrinkles, lightened discolorations, minimized scarring & increased elasticity. Recommended for all aged & sun damaged skins, Melasma, and acne scarring. Not for sensitive skin.
